Sun Sign Keyphrases

Aries: Going on an adventure, trying new things, doing something physical, sharing new discoveries, showing off our talents, challenging each other or enjoying a friendly competition, sharing an inspiring one-on-one experience, spoiling (or even babying) each other

Taurus: Indulging in (or cooking) decadent meals, pampering ourselves, spending time in nature, celebrating traditions, dressing up, attending cultural (arts) events, curating a beautiful home environment, saving up for the future and making savvy financial moves

Gemini: Diving into deep and metaphysical discussions, socializing with inspiring people, inventing something new together, exchanging witty banter or wordplay, discovering cutting-edge artists and thought-leaders, sharing inspirational quotes and memes, gossiping about mutual enemies

Cancer: Co-hosting a dinner party or a family celebration, working on a creative project together, sharing enjoying the arts, having cozy time in reading and puttering about, spending time near water, taking beach vacations (with the family), decorating the house, taking care of our relatives

Leo: Entertaining the crowds by dancing/singing/throwing epic parties, attending a glamorous or A-list event, celebrating special moments like anniversaries, pampering ourselves with luxury, watching an artistic performance, co-leading a project or organization like a sexy power couple, looking at old photos (or having a photoshoot!), building a Game Of Thrones style realm that amasses wealth (and possible offspring to be legacies).

Virgo: Enjoying wellness routines and working out together, humbly supporting each other's passions, spending time outside in nature, setting up a green and sustainable home and lifestyle, organizing our shared space, having analytical conversations (including critiques) of everything from pop culture to our mutual friends, doing charitable service work, cleaning and gardening, supporting each other at achieving our highest human potential.

Libra: Indulging in luxury experiences (yachts, 5-star hotels, Michelin-rated meals), listening to live music, getting side-by-side spa treatments, co-hosting epic parties and events, sharing deep and philosophical conversations, balancing mind and body through meditation and yoga, fighting for justice or a cause we both believe in, shopping for fancy outfits...then hitting the town!

Scorpio: Treasure-hunting for rare finds from vinyl to vintage wines, co-creating a passion project, attracting people with our quiet mystique, laughing at wicked inside jokes, stepping out like a sexy power couple, connecting to our physicality through movement, sex or healing touch, captivating crowds with our unique style, bonding over a common enemy, providing for the people we love, hiding out in our love nest

Sagittarius: Traveling and exploring new terrain together, cutting loose on the dance floor or karaoke, cracking jokes with random strangers and becoming fast friends, attending spiritual (and wisdom-based) classes and self-developments workshops together, working on a shared entrepreneurial venture, outdoorsy adventures like biking and hiking, throwing dinner parties, laughing until our sides hurt

Sun Sign Keyphrases

(continued)

Capricorn: Pushing ourselves with a new challenge, getting public recognition for our hard work, impressing the world with our power-couple achievements, mingling with the VIP influencers and making them our friend group, attending exclusive and invite-only events, staying active with outdoor sports (skiing, mountain biking, hiking), providing for our family, introducing each other to relatives and childhood friends

Aquarius: Communing with thought leaders and free spirits, having a transcendent moment on a shared vision quest, catching people off guard with practical jokes, playing on a sports team together, participating in social change and activism, wiring up our home with the latest technology—then co-hosting a rager, cracking up (at comedy shows or our own living room), festival hopping, becoming leaders in our community; creating a idealistic, shared friend group from all walks of life

Pisces: Co-creating a fantasy world that's "just the two of us," attending charity galas and fundraiser events, immersing ourselves in music—concerts, dancing, DJ sets, and speakers in every room, crying on each other's shoulders during cathartic conversations, getting holistic treatments from the same healer, long vacations at the beach, shopping (for shoes, crystals or vintage clothes), setting up meditative spaces at home, sleeping in and staying in bed all weekend, talking about our dreams, scuba diving/sailing/other water sports

Venus Sign Keyphrases

Aries: Adventure dates, adrenaline rushes (skydiving, ziplining, etc.), arguing then enjoying makeup sex, being physically active—even competing with each other at sports, intellectually challenging each other, head rubs and hair pulling

Taurus: Sensual stimulation (silky sheets, rich aromas, decadent meals), traditional values, luxury gifts, full body massages (and shoulder rubs), sexy music, comfortable bedrooms and lounge spaces, breakfast in bed

Gemini: Flirty texts and banter, love letters and written proclamations of affection, cultural activity dates (concerts, restaurant openings, gallery shows, movies), wearing each other's clothes, deep metaphysical conversations, bright visual stimulation, hand massages

Cancer: Staying in and nesting, sharing home-cooked meals (in lingerie or PJs), walking by water or going to the beach, cuddling, hand-holding, dinner dates at new restaurants, the rush of intimacy that comes from feeling like part of each other's families

Leo: Glamorous nights on the town, weekends in luxury hotels (bring on the champagne and room service), co-hosting parties, taking sexy photos, hair-pulling and other "rough" play, PDA, dates to see live performances or movies

Virgo: Beautiful walks through nature, being active together—and naked together, preparing and sharing healthy meals, supporting each other's ambitions, reading side by side, witty banter, clean and beautiful environments that smell great and are decorated with high-end, natural products, soft white bedding

Libra: Luxury experiences (dining, travel, spa treatments), sweet romantic gestures like love letters, expensive gifts, prolonged foreplay, music, dressing up for parties and cultural events, giant beds piled with pillows, sending each other flowers or other surprise gifts while at work, treating each other for dinner, showing off our moves (and bumping and grinding) on the dance floor

Scorpio: Intensity, mystery, soulful exchanges, unspoken and powerful chemistry, wearing sexy clothes, shopping for bespoke treasures (especially in black), starlit walks, late night dates to hidden venues and underground clubs, vacations to places like Bali (spirit) and Marrakesh (intense color) or beachy destinations like Tulum, cat and mouse games

Sagittarius: Traveling the world and staycations close to home, deep philosophical conversations, cross-cultural mingling, taking workshops together, playing with fire (including candles, fireplaces, beach bonfires and HOT attractions), booty-shaking music and dancing, playing out daring fantasies (perhaps with other people involved besides the two of us)

Capricorn: Lodges with roaring fireplaces, dates that require reservations or VIP invites, five-star restaurants with great wine lists and craft cocktails, elegant (and expensive!) style, the art world, marathon dates, quickies under the desk (because we might just work together)

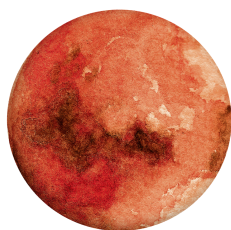

Venus Sign Keyphrases

(continued)

Aquarius: Road-tripping to festivals and indie shows, attending activist rallies together, salon-style discussions about the meaning of life, co-hosting dinner parties, high-minded erotica (VR and AR included), intellectual chemistry, being BFFs with each other and building a shared friend group, experimenting with edgy fantasies (possibly involving others besides the two of us)

Pisces: Complex and creative experiences, tons of affection and healing touch, sharing transcendent metaphysical experiences (in bed), sweep-you-off-your feet romantic gestures, aquatic aphrodisiacs (candlelight baths, skinny-dipping, walks on the beach), kink and fetish play, foot massages, rescuing each other from disaster, shoring up each other's emotions, melancholy moments in each other's arms

Aries: Competing/pushing ourselves to the edge, diving into projects that challenge us to grow, taking off on independent journeys, leading the pack and learning to work cooperatively, fearlessly blazing trails and setting trends, asserting ourselves without being combative

Taurus: Trying out new routines, working steadily towards a shared goal, embracing (gentle) change, creating a life with people who share our values (while also learning to engage with people who have different values), working with the earth and natural resources

Gemini: Building a supportive social circle (so we don't put all the pressure on each other to be "twin flames"), following our intellectual curiosity, participating in local initiatives and traveling to see how other cultures live, discovering the power (and adventure) of commitment

Cancer: Creating a stable home base while pushing ourselves outside of our comfort zone, articulating our needs (instead of bottling them up inside), honoring our feelings without confusing them for facts, surrounding ourselves with loyal and loving people

Leo: Being a power couple while also learning how to be of humble service to others, supporting each other's creative passions (and making art or music together), following our hearts and pursuing what we both feel passionately about, sharing our "toys" and wealth with each other and our loved ones

Virgo: Participating in charitable activities and community service, being active and outdoorsy, fueling our bodies with clean food and a green lifestyle, learning time-tested wisdom to help make our lives more organized and fulfilling, learning to unconditionally accept one another (instead of constantly trying to fix or improve each other), calming our minds through breathwork and meditation

Libra: Learning to balance the give-and-take in our relationship, participating in social justice efforts together, learning to navigate conflict in healthy ways (instead of avoiding it), enjoying the finer things in life without overindulging, following our hearts and our heads, living according to our principles, reading sage wisdom and ancient philosophy

Scorpio: Practicing being vulnerable and open together (instead of secretive and suspicious), surrounding ourselves with people we trust and creating an intimate community of mutual friends, treating our bodies like temples (in and out of bed), slowly and steadily allowing our relationship to grow more intimate, investing wisely for long-term financial security, exploring our sexual chemistry in a sacred manner

Sagittarius: Traveling to new corners of the world together, studying principles of world religions and philosophies, enjoying the banquet of life without overindulging, expressing our opinions freely after we have thoroughly researched the facts, taking bold but calculated risks, pursuing our desires while also learning to be patient about getting results

Capricorn: Creating wealth and security to support the ones we love, training with master teachers and coaches, setting challenging goal sand steadily building until we achieve them, learning to communicate our feelings instead of acting like "I've got it all handled," committing for the long-term

Jupiter Sign Keyphrases

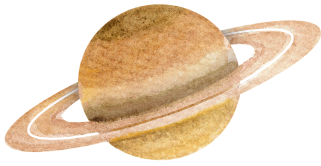

4

(continued)

Aquarius: Creating a community of eclectic thought leaders (IRL and on social media), trying out cutting-edge methodologies, allowing ourselves the freedom to break and rewrite the rules, getting involved with social justice and activist causes, getting a daily RDA of laughter, centering ourselves with yoga or another physical practice

Pisces: Escaping into creative passions like music or poetry, traveling to sacred sites and going on spiritual retreats, learning how to express buried feelings (perhaps with the help of a couple's therapist), taking time to be with our thoughts through meditation and journaling, learning to set healthy boundaries in love (and avoiding codependence)

Saturn Sign Keyphrases

Aries: Attention and positive feedback, consistency, calm, support with sticking to day-to-day structures and routines

Taurus: Regular affection, financial stability, motivating validation, family loyalty, a relaxing environment...but not so comfortable that we become stagnant

Gemini: Shared social interests, to be listened to/have our ideas and opinions respected, frequent communication (ideally multiple times a day), being best friends with each other

Cancer: Emotional security, safety to express our feelings, family bonding time, a peaceful and nurturing home

Leo: Encouragement to express our voices and talents, words of affirmation, support with managing finances, daily doses of romance

Virgo: Quality time together, shared values and a high level of integrity, daily communication, healthy routines, constructive feedback

Libra: Loving gestures, strong physical attraction, compliments on each other's beauty and style, a clearly stated commitment (ideally leading to marriage)

Scorpio: Respect for each other's privacy and personal space, a soul-deep connection, strong sexual attraction, financial responsibility, unwavering loyalty, attentiveness to each other's specific needs and tastes

Sagittarius: Total honesty, space to explore our independent interests, a warm and welcoming home, a willingness to grow together—to explore the world and learn

Capricorn: A long-term commitment, shared financial values and work ethics, a strong sense of family, to be appreciated (and needed) for what we are each providing

Aquarius: A non-judgmental atmosphere, conscious lifestyle choices (socially, environmentally, etc.), a shared community, being each other's best friends, regular date nights and outings, acceptance of each other's "eccentricities"

Pisces: Uninterrupted dreamtime, fantasy dates and personalized romantic gestures, confidence-boosting support, appreciation for the "little things" that each of us do, healing touch, a safe space for our highly sensitive emotions

Uranus Sign Keyphrases

Aries: Being controlled, conforming to romantic rules (like monogamy and fidelity), giving up our individual interests or self-expression to please each other, compromising

Taurus: Disrupting my personal time and daily routines to accommodate a partner, backing down from our individual beliefs to "compromise," anything so comfortable it's a snoozefest

Gemini: The predictability of long-term relationships, suppressing our flirtatious streaks, giving up our social interests and friends to be in a relationship, scheduling anything from date nights to family visits over the holidays, communicating when it doesn't feel "spontaneous"

Cancer: Being expected to take care of anyone (from a partner to a child), smothering attention and affection, sharing a home or personal space, dealing with each other's emotions and family dramas

Leo: Possessive people, sharing the spotlight with a mate, giving up my individual path or identity to be in a relationship, predictable romantic gestures, comfortable silence, compromising

Virgo: Getting stuck in the helpmate or "life coach" role, critical or controlling behaviors, the "boredom" of long-term relationships, too much routine, getting sucked into each other's daily dramas

Libra: Stereotypical gender roles, unequal relationship dynamics, traditional romantic gestures, rushing into marriage and commitment before discovering our individual paths

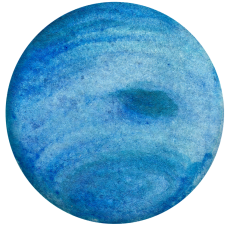

Scorpio: Old-fashioned "rules" and shaming around sex and sexuality, the concept of gender and gender roles, imbalanced power dynamics, sacrificing privacy and alone time

Sagittarius: Closed-mindedness, being "trapped" by commitment, repetition and routines, fidelity (when bored)

Capricorn: Sacrificing ambitions to be in a relationship (especially with regards to career), being expected to provide for each other, creating any sort of dependency

Aquarius: Conforming to societal expectations, putting labels on our relationship (can't we just be friends?), jealousy or possessiveness, giving up individual identity to be part of a couple (or throuple)

Pisces: Being tied down by the relationship, making too many sacrifices for love, giving up privacy and personal space, making a commitment, being expected to share all of our secrets and fantasies
