*"So, what do you do?"*

As a conscious entrepreneur, it's not enough to "network." You need to connect with your tribe, build friendships and followings based on the connective tissue of sharing.

Venus, the planet of magnetism, social graces, love, beauty and harmony, is a great "icebreaker" planet to use as a guide. These Venus prompts are a chart-specific ways to get through that getting to know you process with a lot less awkwardness!
